

TERMS & CONDITIONS AND PRIVACY POLICY

Effective Date: July 11, 2026

1. Nature of the Service

Aura Tycoon is a private, non-commercial, and 100% free-to-use web application developed by a parent as a supplementary revision tool for students. By accessing or using Aura Tycoon, you agree to be bound by these Terms & Conditions. If you do not agree with any part of these terms, you must discontinue use of the platform.

2. Intellectual Property & Academic Content

Aura Tycoon is an independent educational tool. It is **not** affiliated with, endorsed by, or connected to Cambridge Assessment International Education (CAIE), Pearson Edexcel, or any other official examination board. The questions and study materials provided within the application are original works created for educational purposes, modeled after general syllabus requirements (fair use). Aura Tycoon claims no ownership over official IGCSE trademarks.

3. Disclaimer of Warranties and Limitation of Liability

The platform is provided on an "AS IS" and "AS AVAILABLE" basis. While we strive to provide accurate educational content, Aura Tycoon makes no guarantees regarding the accuracy, completeness, or reliability of the materials. Furthermore:

- **Academic Results:** Aura Tycoon is a motivational aid. We do not guarantee any specific grades, test scores, or academic success resulting from the use of this app.
- **Service Availability:** We are not liable for server downtime, software bugs, or the loss of user data (including Aura Points or Weakness Log records).

4. Modifications to the Service Without Notice

Because Aura Tycoon is a continuously evolving personal project, **we reserve the right to modify, update, suspend, or discontinue any part of the application (including academic content, game mechanics, and user interfaces) at any time, without prior notice or liability.** We are not obligated to obtain user consent prior to implementing changes.

5. Aura Points and Real-World Value

The "Aura Points" earned within the application are entirely fictional and hold absolutely zero real-world monetary value. Any physical or external rewards redeemed using these points are strictly informal arrangements made between parents and their children at home.

6. Privacy Policy & Data Protection (Minors)

Protecting user privacy, especially for minors, is a priority.

- **Data Collection:** We use Google Login for authentication. We only collect the minimal information provided by Google (typically Name and Email Address) to create an account and save progress.
- **Usage Data:** The platform records your performance (correct/incorrect answers) exclusively to populate the "Weakness Log" to aid your personal revision.
- **Data Sharing:** Aura Tycoon is not a commercial entity. We will **never** sell, rent, or distribute your personal data or email address to third-party advertisers or external companies.
- **Parental Supervision:** As an educational tool designed for students, we encourage parents to monitor their child's online activity. By permitting your child to use this app, you consent to the collection of their basic login and performance data as outlined above.
